

Privacy Policy of aimedis.com

This Application collects some Personal Data from its Users.

Data Controller and Owner

Aimedis B.V., Sint Michaëlstraat 4, 5935 BL Steyl, Netherlands

Owner contact email: privacy@aimedis.com

Types of Data collected

Among the types of Personal Data that this Application collects, by itself or through third parties, there are: general activity data, body measurements & indexes, movement activity, food related activity , sleeping activity, heart rate and other vital data, blood type, gender, date of birth, Cookies, Usage Data, first name, last name, phone number, address, username, email address, password, company name, profession, fax number, country, state, province, ZIP/Postal code, city, picture, workplace, various types of Data, field of activity, User ID, marital status, website, billing address, house number, prefix , language, profile picture, budget and academic background.

Complete details on each type of Personal Data collected are provided in the dedicated sections of this privacy policy or by specific explanation texts displayed prior to the Data collection.

The Personal Data may be freely provided by the User, or, in case of Usage Data, collected automatically when using this Application.

All Data requested by this Application is mandatory and failure to provide this Data may make it impossible for this Application to provide its services. In cases where this Application specifically states that some Data is not mandatory, Users are free not to communicate this Data without any consequences on the availability or the functioning of the service.

Users who are uncertain about which Personal Data is mandatory are welcome to contact the Owner.

Any use of Cookies – or of other tracking tools – by this Application or by the owners of third party services used by this Application serves the purpose of providing the service required by the User, in addition to any other purposes described in the present document and in the Cookie Policy, if available.

Users are responsible for any third party Personal Data obtained, published or shared through this Application and confirm that they have the third party's consent to provide the Data to the Owner.

Mode and place of processing the Data

Methods of processing

The Data Controller processes the Data of Users in a proper manner and shall take appropriate security measures to prevent unauthorized access, disclosure, modification, or unauthorized destruction of the Data.

The Data processing is carried out using computers and/or IT enabled tools, following organizational procedures and modes strictly related to the purposes indicated. In addition to the Data Controller, in some cases, the Data may be accessible to certain types of persons in charge, involved with the operation of the site (administration, sales, marketing, legal, system administration) or external parties (such as third party technical service providers, mail carriers, hosting providers, IT companies, communications agencies) appointed, if necessary, as Data Processors by the Owner. The updated list of these parties may be requested from the Data Controller at any time.

Place

The Data is processed at the Data Controller's operating offices and in any other places where the parties involved with the processing are located. For further information, please contact the Data Controller.

Retention time

The Data is kept for the time necessary to provide the service requested by the User, or stated by the purposes outlined in this document, and the User can always request that the Data Controller suspend or remove the data.

The use of the collected Data

The Data concerning the User is collected to allow the Owner to provide its services, as well as for the following purposes: Handling activity data, Hosting and backend infrastructure, Analytics, Traffic optimization and distribution, Registration and authentication, Access to third party accounts, Handling payments, Interaction with external social networks and platforms, Managing support and contact requests and Interaction with support and feedback platforms.

The Personal Data used for each purpose is outlined in the specific sections of this document.

Facebook permissions asked by this Application

This Application may ask for some Facebook permissions allowing it to perform actions with the User's Facebook account and to retrieve information, including Personal Data, from it. This service allows this Application to connect with the User's account on the Facebook social network, provided by Facebook Inc.

For more information about the following permissions, refer to the [Facebook permissions documentation](#) and to the [Facebook privacy policy](#).

The permissions asked are the following:

Basic information

By default, this includes certain User's Data such as id, name, picture, gender, and their locale. Certain connections of the User, such as the Friends, are also available. If the User has made more of their Data public, more information will be available.

Access private data

Access the User's and friends' private data.

Birthday

Provides access to the birthday.

Contact email

Access the User's contact email address.

Current City

Provides access to the User's current location.

Email

Provides access to the User's primary email address.

Photos

Provides access to the photos the User has uploaded, and photos the User has been tagged in.

Website

Provides access to the User's web site URL.

Detailed information on the processing of Personal Data

Personal Data is collected for the following purposes and using the following services:

- **Access to third party accounts**

This type of service allows this Application to access Data from your account on a third party service and perform actions with it.

These services are not activated automatically, but require explicit authorization by the User.

Facebook account access (this Application)

This service allows this Application to connect with the User's account on the Facebook social network, provided by Facebook, Inc.

Permissions asked: Access private data, Birthday, Contact email, Current City, Email, Photos and Website.

Place of processing: US – [Privacy Policy](#)

Stripe account access (Stripe Inc)

This service allows this Application to connect with the User's account on Stripe, provided by Stripe, Inc.

Personal Data collected: various types of Data as specified in the privacy policy of the service.

Place of processing: US – [Privacy Policy](#)

- **Analytics**

The services contained in this section enable the Owner to monitor and analyze web traffic and can be used to keep track of User behavior.

Analytics collected directly (this Application)

This Application uses an internal analytics system that does not involve third parties.

Personal Data collected: Cookies and Usage Data.

Google Analytics (Google Inc.)

Google Analytics is a web analysis service provided by Google Inc. (“Google”). Google utilizes the Data collected to track and examine the use of this Application, to prepare reports on its activities and share them with other Google services. Google may use the Data collected to contextualize and personalize the ads of its own advertising network.

Personal Data collected: Cookies and Usage Data.

Place of processing: US – [Privacy Policy](#) – [Opt Out](#)

- **Handling activity data**

This type of service allows the Owner to use the activity data collected by your device in order for this Application to operate or to provide specific features. This may include movements, heartbeat, change in altitude or data about the surroundings. Depending on what is described below, third parties may be involved in the activity tracking.

Most devices allow for the User to control which Data is accessed or stored.

Activity data tracked by your device (this Application)

This Application uses some activity data tracked by your device to operate or to provide specific features.

Personal Data collected: blood type, body measurements & indexes, date of birth, food related activity , gender, general activity data, heart rate and other vital data, movement activity and sleeping activity.

Apple HealthKit (Apple Inc.)

HealthKit is an activity data handling service provided by Apple Inc. that enables the Owner to access or store activity data.

Personal Data collected: blood type, body measurements & indexes, date of birth, food related activity , gender, general activity data, heart rate and other vital data, movement activity and sleeping activity.

Place of processing: US – [Privacy Policy](#)

- **Handling payments**

Payment processing services enable this Application to process payments by credit card, bank transfer or other means. To ensure greater security, this Application shares only the information necessary to execute the transaction with the financial intermediaries handling the transaction.

Some of these services may also enable the sending of timed messages to the User, such as emails containing invoices or notifications concerning the payment.

PayPal (PayPal Inc.)

PayPal is a payment service provided by PayPal Inc., which allows Users to make online payments.

Personal Data collected: various types of Data as specified in the privacy policy of the service.

[Privacy Policy](#)

Stripe (Stripe Inc)

Stripe is a payment service provided by Stripe Inc.

Personal Data collected: various types of Data as specified in the privacy policy of the service.

Place of processing: US – [Privacy Policy](#)

- **Hosting and backend infrastructure**

This type of service has the purpose of hosting data and files that enable this Application to run and be distributed as well as to provide a ready-made infrastructure to run specific features or parts of this Application. Some of these services work through geographically distributed servers, making it difficult to determine the actual location where the Personal Data are stored.

Amazon Web Services (AWS) (Amazon)

Amazon Web Services is a hosting and backend service provided by Amazon.com Inc.

Personal Data collected: various types of Data as specified in the privacy policy of the service.

Place of processing: See the Amazon privacy policy – [Privacy Policy](#)

- **Interaction with external social networks and platforms**

This type of service allows interaction with social networks or other external platforms directly from the pages of this Application.

The interaction and information obtained through this Application are always subject to the User's privacy settings for each social network.

This type of service might still collect traffic data for the pages where the service is installed, even when Users do not use it.

PayPal button and widgets (PayPal Inc.)

The PayPal button and widgets are services allowing interaction with the PayPal platform provided by PayPal Inc.

Personal Data collected: Cookies and Usage Data.

Place of processing: See the PayPal privacy policy – [Privacy Policy](#)

- **Interaction with support and feedback platforms**

This type of service allows Users to interact with third party support and feedback platforms directly from the pages of this Application.

If one of these services is installed, it may collect browsing and Usage Data in the pages where it is installed, even if the Users do not actively use the service.

Zendesk Widget (Zendesk)

The Zendesk Widget is a service for interacting with the Zendesk support and feedback platform provided by Zendesk Inc.

Personal Data collected: Cookies and Usage Data.

Place of processing: US – [Privacy Policy](#)

- **Managing support and contact requests**

This type of service allows this Application to manage support and contact requests received via email or by other means, such as the contact form.

The Personal Data processed depend on the information provided by the User in the messages and the means used for communication (e.g. email address).

Zendesk (Zendesk)

Zendesk is a support and contact request management service provided by Zendesk Inc.

Personal Data collected: various types of Data as specified in the privacy policy of the service.

Place of processing: US – [Privacy Policy](#)

- **Registration and authentication**

By registering or authenticating, Users allow this Application to identify them and give them access to dedicated services.

Depending on what is described below, third parties may provide registration and authentication services. In this case, this Application will be able to access some Data, stored by these third party services, for registration or identification purposes.

Direct registration (this Application)

The User registers by filling out the registration form and providing the Personal Data directly to this Application.

Personal Data collected: academic background, address, billing address, budget, city, company name, country, date of birth, email address, fax number, field of activity, first name, gender, house number, language, last name, marital status, password, phone number, picture, prefix, profession, profile picture, province, state, User ID, username, various types of Data, website, workplace and ZIP/Postal code.

GitHub OAuth (GitHub Inc.)

GitHub OAuth is a registration and authentication service provided by GitHub Inc. and is connected to the GitHub network.

Personal Data collected: various types of Data as specified in the privacy policy of the service.

Place of processing: US – [Privacy Policy](#)

- **Traffic optimization and distribution**

This type of service allows this Application to distribute their content using servers located across different countries and to optimize their performance.

Which Personal Data are processed depends on the characteristics and the way these services are implemented. Their function is to filter communications between this Application and the User's browser.

Considering the widespread distribution of this system, it is difficult to determine the locations to which the contents that may contain Personal Information User are transferred.

CloudFlare (Cloudflare)

CloudFlare is a traffic optimization and distribution service provided by CloudFlare Inc.

The way CloudFlare is integrated means that it filters all the traffic through this

Application, i.e., communication between this Application and the User's browser, while also allowing analytical data from this Application to be collected.

Personal Data collected: Cookies and various types of Data as specified in the privacy policy of the service.

Place of processing: US – [Privacy Policy](#)

Cookie Policy

This Application uses Cookies. To learn more and for a detailed cookie notice, you may consult the [Cookie Policy](#).

Additional information about Data collection and processing

Legal action

The User's Personal Data may be used for legal purposes by the Data Controller, in Court or in the stages leading to possible legal action arising from improper use of this Application or the related services.

The User declares to be aware that the Data Controller may be required to reveal personal data upon request of public authorities.

Additional information about User's Personal Data

In addition to the information contained in this privacy policy, this Application may provide the User with additional and contextual information concerning particular services or the collection and processing of Personal Data upon request.

System logs and maintenance

For operation and maintenance purposes, this Application and any third party services may collect files that record interaction with this Application (System logs) or use for this purpose other Personal Data (such as IP Address).

Information not contained in this policy

More details concerning the collection or processing of Personal Data may be requested from the Data Controller at any time. Please see the contact information at the beginning of this document.

The rights of Users

Users have the right, at any time, to know whether their Personal Data has been stored and can consult the Data Controller to learn about their contents and origin, to verify their accuracy or to ask for them to be supplemented, cancelled, updated or corrected, or for their transformation into anonymous format or to block any data held in violation of the law, as

well as to oppose their treatment for any and all legitimate reasons. Requests should be sent to the Data Controller at the contact information set out above.

This Application does not support “Do Not Track” requests. To determine whether any of the third party services it uses honor the “Do Not Track” requests, please read their privacy policies.

Changes to this privacy policy

The Data Controller reserves the right to make changes to this privacy policy at any time by giving notice to its Users on this page. It is strongly recommended to check this page often, referring to the date of the last modification listed at the bottom. If a User objects to any of the changes to the Policy, the User must cease using this Application and can request that the Data Controller remove the Personal Data. Unless stated otherwise, the then-current privacy policy applies to all Personal Data the Data Controller has about Users.

Information about this privacy policy

The Data Controller is responsible for this privacy policy, prepared starting from the modules provided by Iubenda and hosted on Iubenda's servers.

Definitions and legal references

Personal Data (or Data)

Any information regarding a natural person, a legal person, an institution or an association, which is, or can be, identified, even indirectly, by reference to any other information, including a personal identification number.

Usage Data

Information collected automatically from this Application (or third party services employed in this Application), which can include: the IP addresses or domain names of the computers utilized by the Users who use this Application, the URI addresses (Uniform Resource Identifier), the time of the request, the method utilized to submit the request to the server, the size of the file received in response, the numerical code indicating the status of the server's answer (successful outcome, error, etc.), the country of origin, the features of the browser and the operating system utilized by the User, the various time details per visit (e.g., the time spent on each page within the Application) and the details about the path followed within the Application with special reference to the sequence of pages visited, and other parameters about the device operating system and/or the User's IT environment.

User

The individual using this Application, which must coincide with or be authorized by the Data Subject, to whom the Personal Data refers.

Data Subject

The legal or natural person to whom the Personal Data refers.

Data Processor (or Data Supervisor)

The natural person, legal person, public administration or any other body, association or organization authorized by the Data Controller to process the Personal Data in compliance with this privacy policy.

Data Controller (or Owner)

The natural person, legal person, public administration or any other body, association or organization with the right, also jointly with another Data Controller, to make decisions regarding the purposes, and the methods of processing of Personal Data and the means used, including the security measures concerning the operation and use of this Application. The Data Controller, unless otherwise specified, is the Owner of this Application.

This Application

The hardware or software tool by which the Personal Data of the User is collected.

Cookies

Small piece of data stored in the User's device.

Legal information

Notice to European Users: this privacy statement has been prepared in fulfillment of the obligations under Art. 10 of EC Directive n. 95/46/EC, and under the provisions of Directive 2002/58/EC, as revised by Directive 2009/136/EC, on the subject of Cookies.

This privacy policy relates solely to this Application.
